

Personal description

I decided to become a donor because I wanted to help somebody to have a family who might not otherwise be able to. I feel that being part of a close and loving family is one of the most important things in life. It's something to be nurtured and treasured.

I've been fortunate to have been blessed with natural ability in many ways and hopefully you'll benefit from this too. Combined with hard work and determination, I've enjoyed success and happiness. I hope that you will too.

I like to spend time with my family and friends. I love to travel. I've lived and worked all over the world. I enjoy reading and watching movies. I'm an avid reader of *The Economist*. I like fiction and I'm currently enjoying 'The Goldfinch' by Donna Tartt. Physical activities like cycling, squash and hiking keep me strong and happy.
