

Donor #1510 Pen Sketch

I am quite tall, with brown spikey hair with a cheeky smile. I am very creative and I would say multi talented too! I love music and I can write all my own songs, I listen to a lot of pop/dance music.

I am a very active person who likes to travel a lot and goes to the gym quite regularly too!

What I loved most about school was having lunch breaks and going to the football field to play with my friends. P.E was my favourite subject at school. I have always been a sporty person from a young age, I love football, badminton, golf, squash. My favourite football team is Chelsea.

My ideal career would be to crack the music industry one day as I have very big ambitions to become a singer/songwriter.

I currently work as a delivery driver which I have been working as for about 8 years now.

In my spare time I like meeting up with friends in London or go to the cinema to watch a film.

My favourite food is French fries but I do enjoy a lovely roast dinner. Plus I've been told I'm a really good cook too!

My outlook on life is really upbeat as I always try and conquer what to do next on my huge bucket list!
