

I'M A MODEST INDIVIDUAL, BUT I AM PROUD OF WHAT I HAVE ACHIEVED. I'VE ALWAYS BEEN GOOD WITH LOGIC, NUMBERS AND ABSTRACT CONCEPTS - WHICH HELPED ME TO GRADUATE WITH A MASTER OF PHYSICS DEGREE, AS WELL AS IN MY ACCOUNTING STUDIES AFTER THAT.

I STRIVE TO BE FAIR-MINDED (AND EASY GOING) AT WORK, COMBINING A GOOD SENSE OF FUN WITH HARD WORK. I'M KNOWN FOR KEEPING A SMILE ON MY FACE EVEN WHEN THINGS GO WRONG - I COULD REACT DIFFERENTLY, BUT WOULD IT HELP?

I'VE KEPT CLOSE TO HOME MUCH OF MY LIFE, BUT I'VE ALWAYS VALUED OPPORTUNITIES TO EXPLORE OTHER PLACES, THROUGH HOLIDAYS, SCHOOL EXCHANGE TRIPS AND VISITING CERN, JODRELL BANK AND OTHER FASCINATING PLACES. I'VE RARELY REGRETTED TAKING AN OPPORTUNITY - EVEN WHERE THEY HAVE STRETCHED MY COMFORT ZONE.

I'VE LOVED BEING A PARENT, WATCHING MY CHILDREN DEVELOP AND WANTED TO GIVE SOMEONE ELSE THAT SAME CHANCE.

I HOPE THAT YOU FIND OPPORTUNITIES IN LIFE AND MANAGE TO MAKE THE MOST OF THEM.
