Donor Pen Sketch

Donor 1838

I am easy going person, friendly. I grew up in countryside, therefore love for animals and plants. At school I used to like maths, physics and all other technical subjects. I am not religious, I like rock music and trying to live in harmony with nature (use natural organic products, instead of pharmacological solutions...). I am very active, hardworking person, I rarely sit down for longer periods of time. I like working a lot, I like professional occupation and if I am not at work I get involved in home improvements and constructing and gardening in my own house with my partner and children.
